

How are the British Values developed in PSHE?

At Bridgewater Primary School we use Jigsaw to deliver our PSHE (Personal, Social, Health, Economic) curriculum.

Jigsaw is a mindful and child-centred approach to PSHE. It is a comprehensive scheme of learning which integrates personal, social, health and economic education with emphasis on emotional literacy, mental health and SMSC (Social, Moral, Spiritual and Cultural), especially spiritual development.

School Values

Respect Responsibility Resilience

Jigsaw aims to help children know and value themselves and how they relate to other people in this ever-changing world. Alongside our school values our children's personal development is supported by regular assemblies linked closely to the school values. This is enhanced by opportunities in circle time to demonstrate respect for others as they problem solve and take on responsibility for any concerns raised.

British Values

Democracy

Rule of Law

Individual liberty

Mutual Respect

Jigsaw contributes to British Values both through the direct teaching of information and through the experiential learning children will enjoy.

The 5 strands of the British Values agenda have been mapped across every Puzzle and every Piece (lesson).
