

Year 5: Termly Forecast - Summer

Reading

As readers, we will be consolidating our inference, prediction, and summarising skills through analysing a range of texts.

Writing

During Summer 1, our English work will focus on learning and writing our own wishing tale using a range of writerly tools. We will then move onto writing an autobiography!

Mathematics

As mathematicians, we will be developing our knowledge on geometry.

We will then consolidate our learning so far, this year.

Science

As scientists, we will be learning about animals and plants. We will be dissecting flowers and investigating what each part is used for.

PSHE

As responsible citizens, we will be looking at our 'Relationships and Changing Me' unit of work.

Art and Design

As artists and designers, we will be looking at futurism and anatomy. We will be sculpting and painting work that has been inspired from the greats.

D & T

As design and technologists, we will be experimenting with a variety of printing techniques!

RE

As respectful and reflective learners, we will be revisiting and building upon our knowledge of Sikhism.

MFL

As Spanish speakers, we will be exploring the city of Malaga with our link school. We will continue developing our knowledge of grammar and vocabulary through the use of authentic song and games. We will also learn how to express our likes and dislikes regarding sport and other activities that we may do in our free time.

PE

In P.E. we will be attending our weekly swimming lessons!

We will also be completing an athletics outdoor unit in preparation for Sports day.

Computing

As digital learners, we will use physical computing to explore the concept of selection in programming through the use of the Crumble programming environment.

History

As historians, we will be exploring The Tudors and The Victorians! We will learn the key events of these eras.

Geography

As geographers, we will be exploring North and South America! We will be investigating their physical features, such as, rivers and mountains.

Oracy

As confident and articulate speakers, we will continue to use STEM sentences such as "I agree with..." "I would like to challenge..." "I would like to build on...".
